Reports at the **School** level consist of assessment information for an entire school.

Before generating a School report, Universal Assessments using the BIMAS Standard must have been conducted at the school of interest.

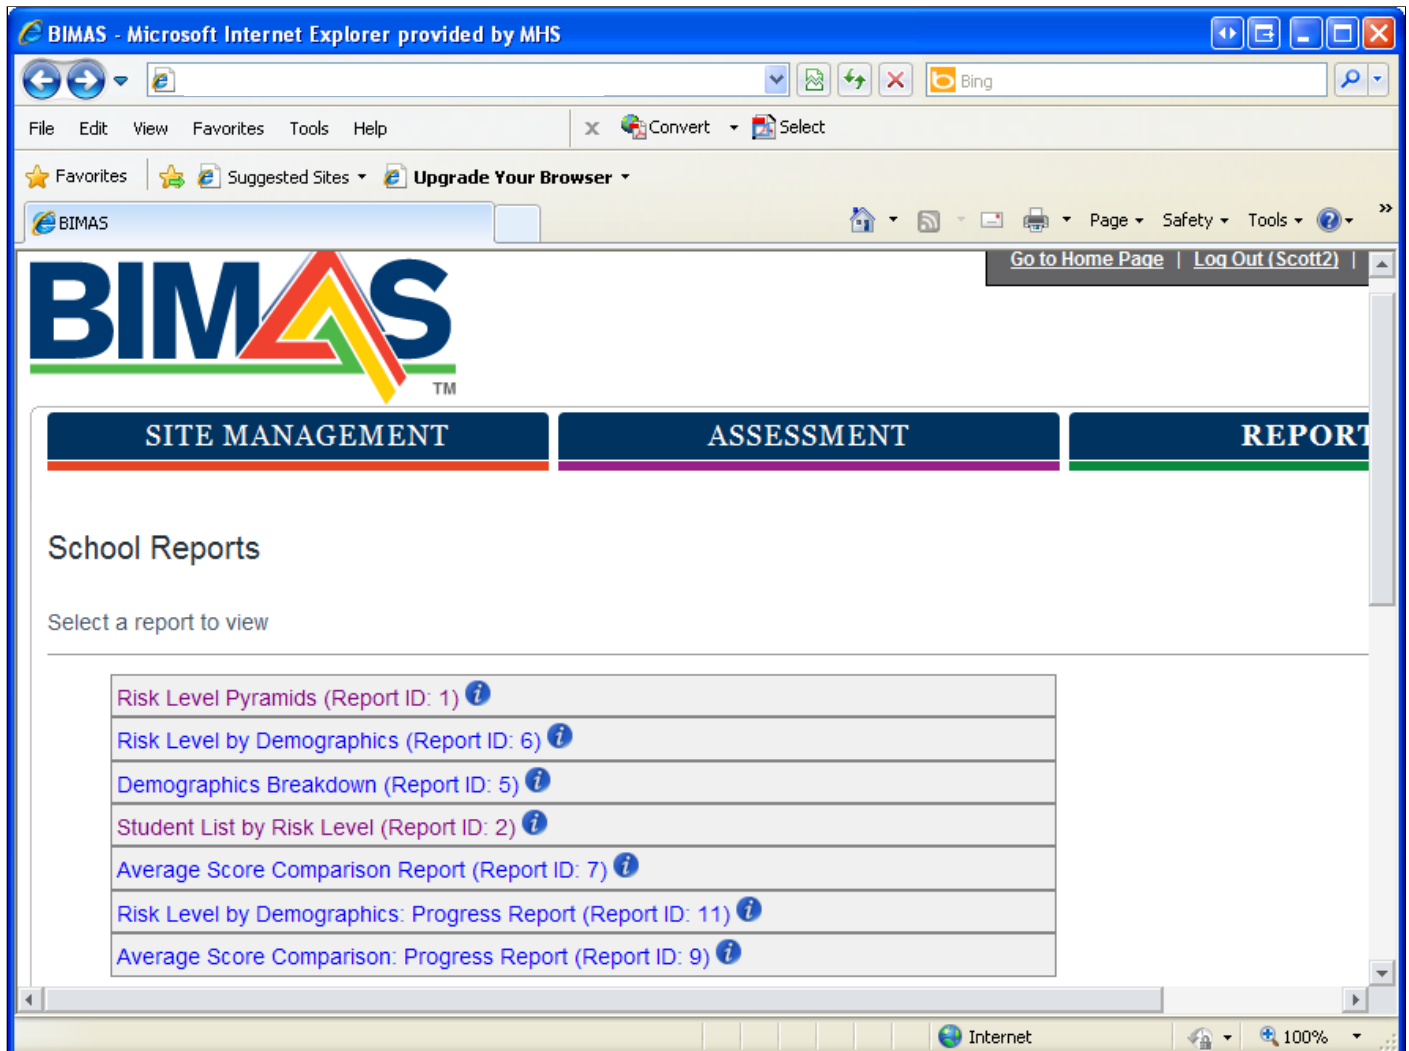

To generate a School report:

1. Click **Reports**.
2. Select **School Reports**.

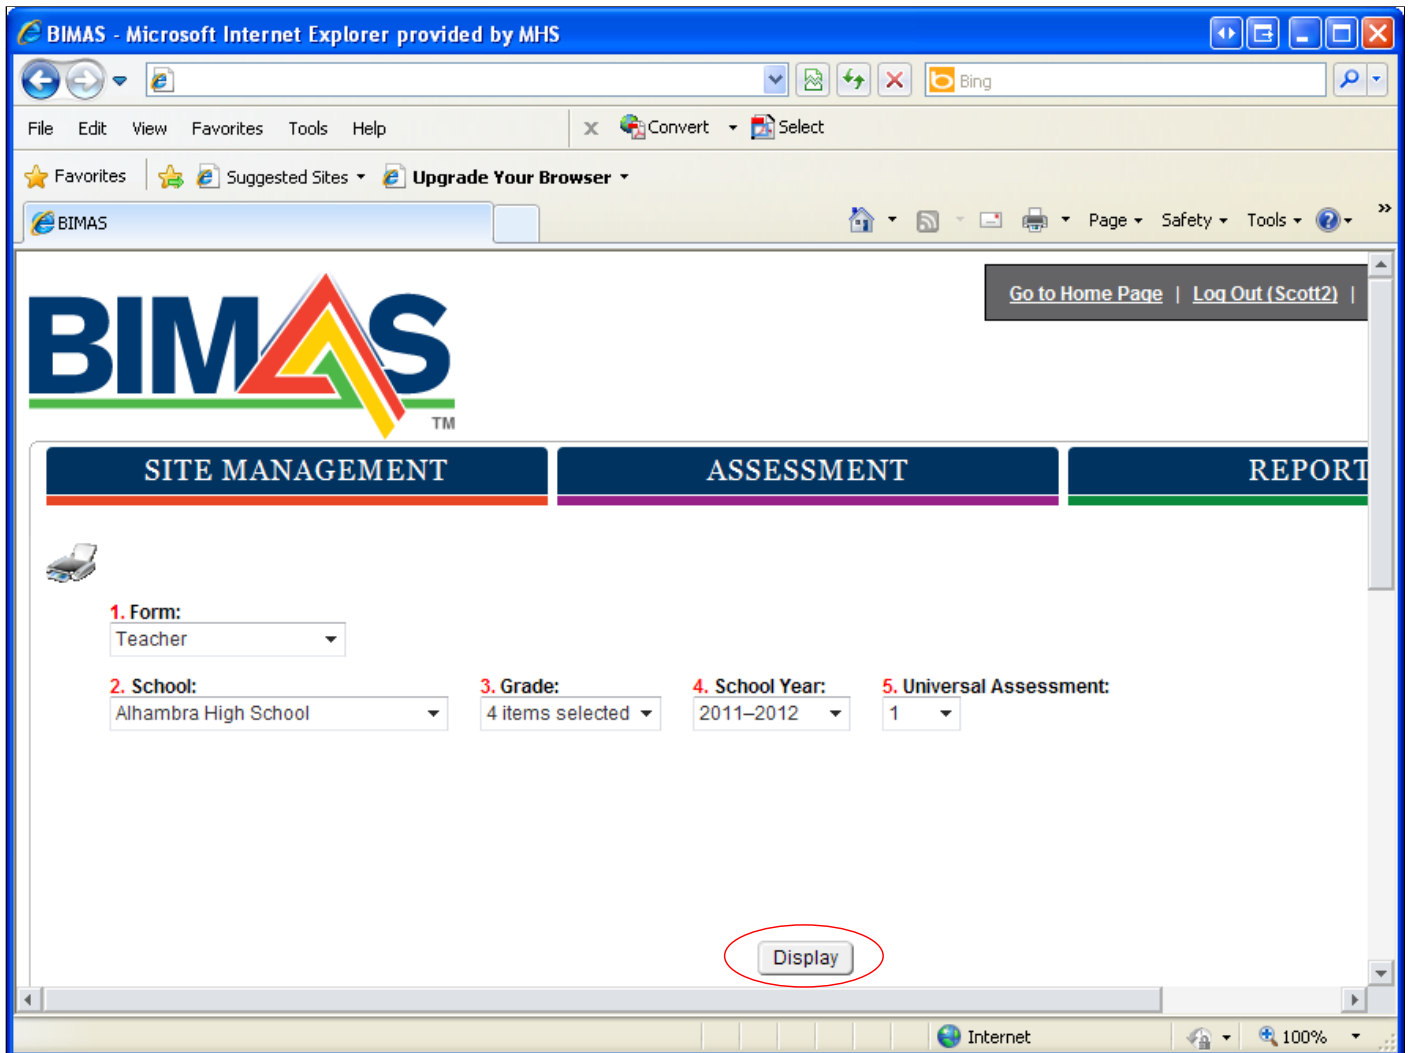

Click on the report you would like to generate:

1. **Risk Level Pyramids**—Shows risk level percentage in a pyramid graph for one Universal Assessment
2. **Risk Level by Demographics**—Displays the percentage of students within each risk level by demographic variable
3. **Demographics Breakdown**—Displays the percentage/number of students according to demographic variable
4. **Student List by Risk Level**—Lists the names of all students scoring at each risk level
5. **Average Score Comparison Report**—Compares the group average results between grades within a school
6. **Risk Level by Demographics: Progress Report**—Compares the percentage of students within each risk level by demographic categories across Universal Assessments or school years
7. **Average Score Comparison: Progress Report**—Compares the group average results across time between grades within a school

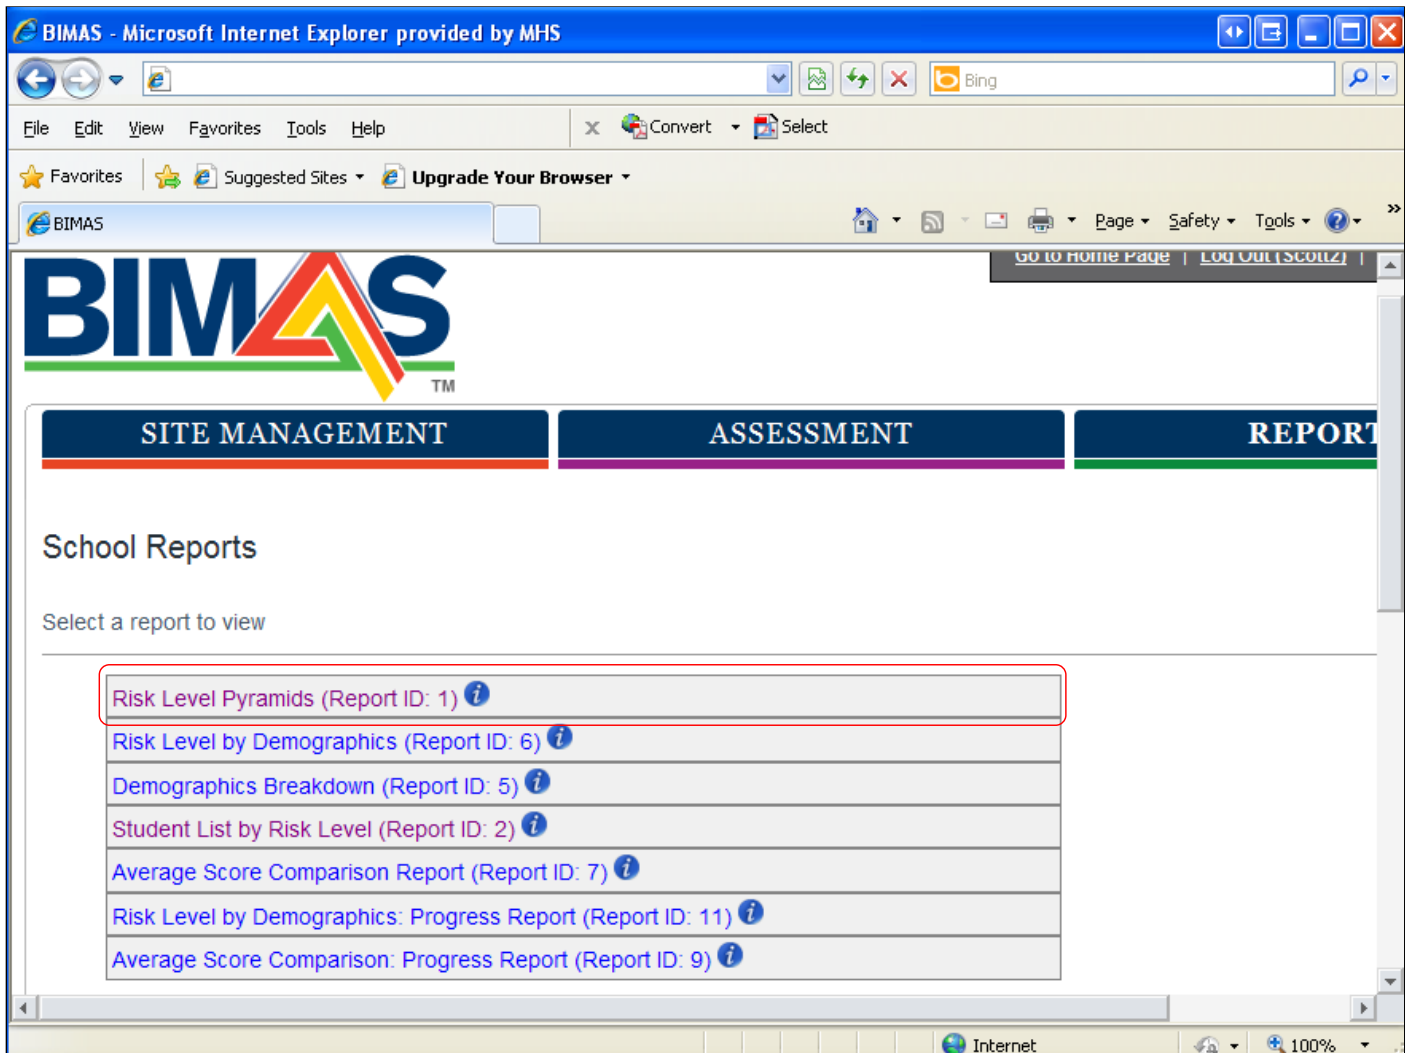

To generate any School report, fill in the fields using the drop-down boxes. District-level users must select one school.

Click **Display**. The report will appear under the Display button.

The following is an example of how to generate a **Risk Level Pyramids** report.

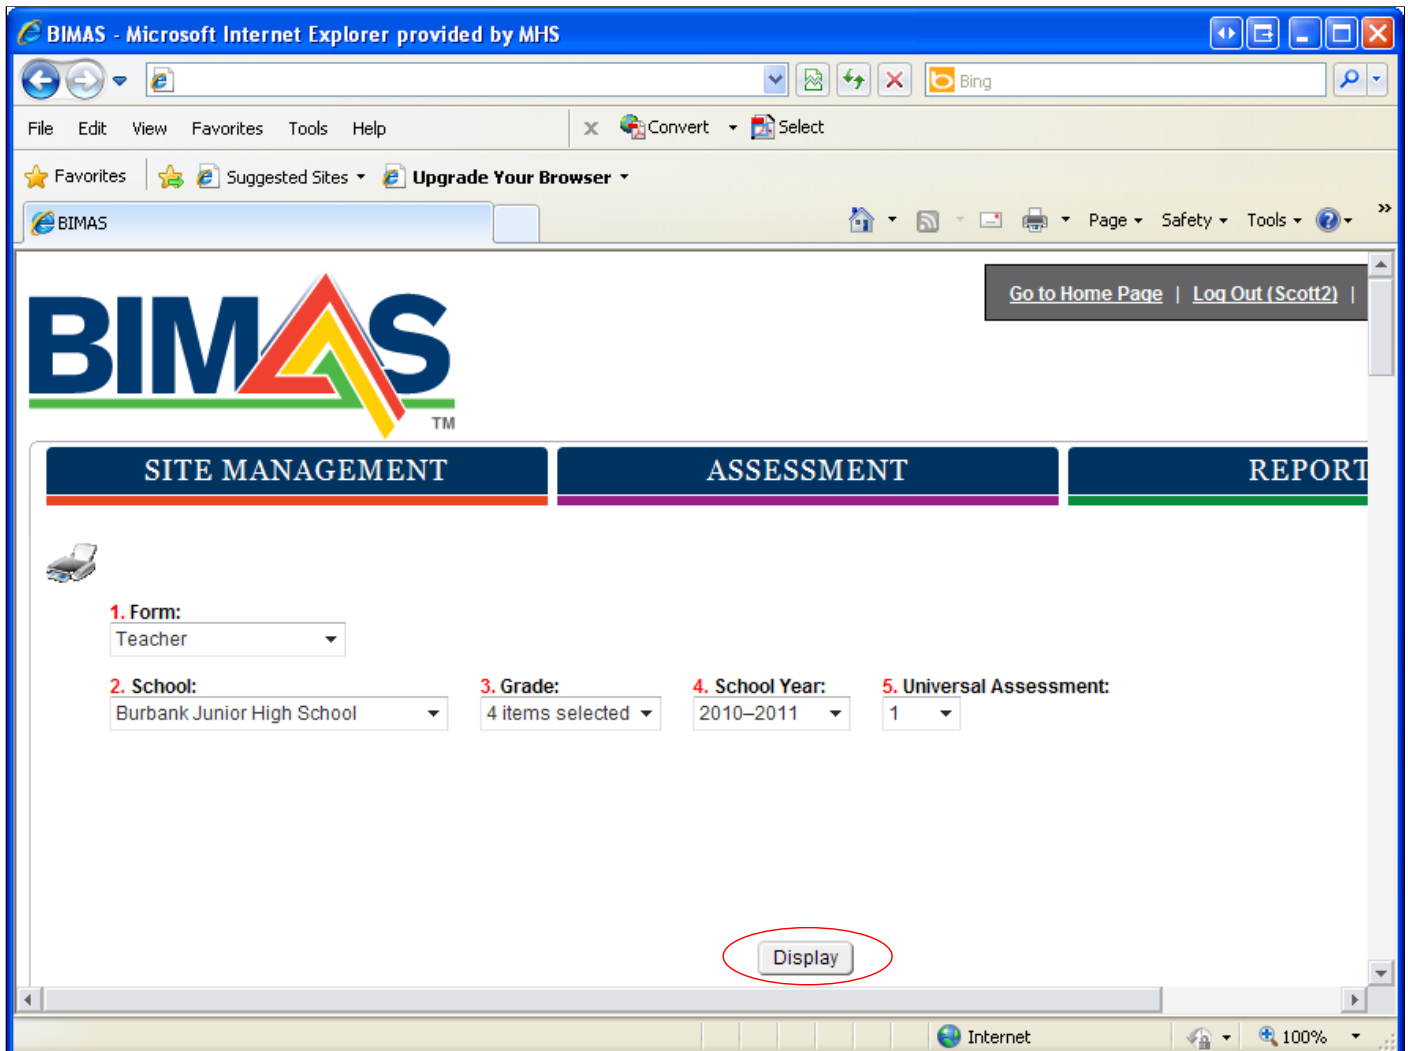

Under **School Reports**, select **Risk Level Pyramids**.

Complete the following fields using the drop-down menus:

1. **Form**
2. **School** (District-level users only)
3. **Grade**
4. **School Year**
5. **Universal Assessment**

When all the fields have been filled, click **Display**.

The **Risk Level Pyramids** report is generated.

For information on how to interpret the report, refer to the *BIMAS Technical Manual*.

Before you print any report, ensure that you have your printer properly configured through your internet browser.

To set up your printer:

1. Open up your internet browser.
2. In your printer setup options, select **Print Background Colors and Images**.
3. Click **OK**.

You only need to set up your printer once. This setting will now apply to all reports you print.
